# Accelerating impact to deliver business value

We're operating in a complex reality where environmental and social challenges collide with geopolitics. Businesses feel this pressure every day - from managing climate-related physical risks and adapting to rapidly changing regulations, to demonstrating the business case for sustainable transformation. This new reality requires a pragmatic approach.

## **We listen**

WBCSD is the trusted community where members can share their experiences and challenges so we can distill the best way we can help.

## **We are business-centric**

We guide our members through the headwinds and shape an effective and inclusive narrative that is free of jargon. We speak the language of business and our work programs center on the business case for action.

## **We have a clear focus**

We help our members focus on the areas where action drives the greatest impact, through practical, inclusive and impactful solutions that are simply smart business. We help our members lead in this decisive decade:

1. Accelerating emission reduction with a business focus on verifiable near-term decarbonization.
2. Growing impact across value chains by bringing supply and demand for solutions together leveraging AI and data for real results.
3. Corporate Performance & Accountability to drive transparent, business-relevant, decision-useful metrics and risk assessments that financial markets recognize.
4. Expanding our Education offer to empower current and future leaders in all areas of business to implement solutions supported by knowledge and skills.

*Together with our members, we will deliver on the promise that sustainability performance is the key driver for competitiveness.*

## Climate Innovation Forum 2025

**Wednesday, 25 June | All Day**  
**Venue:** London (Guildhall)  
**Organiser:** Climate Action

The Climate Innovation Forum returns for the seventh year as a flagship event of London Climate Action Week on Wednesday 25th June. Taking place in London’s Guildhall, this high-level event will bring together 2,000 business leaders, policy makers, investors and senior civil society representatives, to accelerate the speed and scale of our collective efforts in driving climate action.

WBCSD has a discount code for member tickets. Please contact [humphrey@wbcscd.org](mailto:humphrey@wbcscd.org)

## World Climate Investment Summit 2025

**Thursday, 26 June | All Day**  
**Venue:** London (London Stock Exchange)  
**Organiser:** World Climate Foundation

The World Climate Investment Summit 2025 will bring together institutional investors, policymakers, and corporate leaders to develop scalable, ROI-driven climate investment strategies. Against the backdrop of geopolitical shifts, regulatory divergence, and evolving financial mechanisms, the summit will focus on practical investment opportunities in clean energy, infrastructure, industrial decarbonisation, and climate adaptation.
